

**26th
May**
10-12pm

LET'S TALK ABOUT SCIENCE!

Lumsden Suite, Edinburgh
Business School

with **Professor Christine Hrenya,**
**Chemical Engineering at the University of
Colorado at Boulder**

In this workshop, we aim to break the mould of giving talks on technical topics in order to improve retention for experts as well as general audiences. Topics includes key components of making your talk compelling, with special emphasis on making figures and choosing numbers to tell your story. The workshop will be interactive in nature and informal – come ready to learn and have some fun.
